

Where Local Good Grows

Hendricks County Community Foundation

I love fall. The crisp clear days and cool nights. Trees starting to show color. It's been a lovely coda to summer before the coming cooler days.

We held our Board of Directors Retreat last week. At least once a year the [HCCF Board](#) – made up of volunteers from around our community – gets together for a few hours to do a deep dive into a topic or issue of importance to our community and our work. It is so important for nonprofit boards to be refreshed and encouraged by taking time out from the regular business of overseeing an organization's activities. In the words of preeminent governance nonprofit BoardSource, "A retreat offers the opportunity to delve more deeply into strategic issues that there may not always be time to address during regular board meetings."

Last week our Board focused on our community engagement work and how inclusivity flows through our current work. Our goal, at its simplest, is that every person in Hendricks County feels they are part of the on-going discussion on how to make our community better. This is reflected in our Mission and Vision statements, as well as our 2023-2025 Strategic Plan Vision: "HCCF is a trusted partner and leader in proactively and inclusively meeting the needs of Hendricks County today and tomorrow."

Our work in this area isn't about politics, or current trends, or taking a side, it's about making sure all Hendricks County residents are invested in our future. It's about HCCF partnering with the community to create positive change. Our Board and staff had some great discussions on these points last week, and I expect them to continue as we finish our work in 2023 and plan for 2024. Won't you [join us](#) in this important conversation?

HCCF Volunteer Highlight

With family connections to Hendricks County, Russ Walker wanted to volunteer his time to give back to this community, Read what Russ has to say in his own words about his service for the Community Foundation as a member of the Awareness Committee.

“Having family all around Hendricks County, I volunteered with HCCF to give back to a community I love. I appreciate the work of the Community Foundation, especially through their unrestricted funds. These funds allow HCCF to adapt to the ever-changing needs of the community and make grants that leave a positive impact.”

Community Connections

HCCF is committed to building community unity and creating a welcoming community for all our residents. Every month we are spotlighting community leaders who help make Hendricks County a great place to live, work and play.

This month we are highlighting **Bridgette Collins-George**, Community Corrections Director at Hendricks County Community Corrections.

What's your favorite movie? Coco

If you could be a superhero for a day, who would you be? Thor

What is your favorite Hendricks County Restaurant? Pho 36

What brings you happiness? Feeding people good food

What do you love most about our community? The work and effort being put forth to be more inclusive recognizing that diversity isn't enough.

What is one need identified in HCCF's countywide assessment that we are addressing? How can we continue to improve? Lack of affordable housing. Our community is meeting that need by multiple organizations getting grant funding to provide additional housing where there is none. A way to improve is by having housing that isn't based on being in recovery or survivor of domestic violence. Just be affordable housing for whomever needs it, regardless of the life experiences.

Why do you do what you do? I do this work because it is my responsibility to be a part of the solution and not just complain about the problem.
