

Where Local Good Grows

Hendricks County Community Foundation

You may not know, but I am a huge Colts fan. One of the reasons I love fall – besides the cool crisp days and beautiful colors – is the return of football. And Colts football specifically. Our son Ben and I had season tickets through the heart of the Manning era, starting when he was 8 (he's now 26). It was great father-son bonding time as we shared so many highlights together. I dropped the tickets after he went off to college, picking up single games here and there. This year is exciting because I convinced my wife we should sign up for tickets again and attend all the games. So much fun!

Fall means the year is winding down, and that's true of our activities at HCCF too. We've completed some important projects this year, including our review of our [scholarship process](#), our collaboration with the County to distribute grants from [American Rescue Plan Act \(ARPA\) funds](#) (see below) and much of our grantmaking. It also means we're planning for the year ahead and that's always exciting. Not to tease (well, maybe a little), but we've got a couple big announcements coming for 2024!

Wrapping up the year also means some of the most meaningful times of the year are approaching: the fun of Halloween, the blessings of harvest and Thanksgiving, and the season of giving. I hope you pause often over the next couple months to reflect on the many blessings we have in our community.

Oh, and GO COLTS!

Yours in Philanthropy,

Year Two of ARPA Funds Awarded

The Community Foundation, in cooperation with the County Council and Commissioners, created a [grant program](#) in 2022 to distribute up to \$6.6 million of American Rescue Plan Act funds allotted to Hendricks County.

The second year of ARPA grant applications closed this past July and the HCCF Program Committee recommended **\$564,789** in competitive grants which have been approved and will be awarded to local nonprofit organizations by December 2023. [Click here](#) to read the list of nonprofit recipients.

Community Connections

HCCF is committed to building community unity and creating a welcoming community for all our residents. Every month we are spotlighting community leaders who help make Hendricks County a great place to live, work and play.

This month we are highlighting **Autumn Bucy**, Marketing Manager at [Hendricks County Bank & Trust Company](#).

If you could be a superhero for a day, who would you be? Just for a day? And just one? Can I cross the brains of Black Widow, with skills of Hawkeye and also the teleportation powers of Nightcrawler?!

What is your favorite Hendricks County Restaurant? The Kickstand (the food is soooo good)!

What brings you happiness? 3 "F" things:

Faith- everything about me goes back to my core values as a Christian, even when there is a life storm going on, I ultimately know who I am and what I am about because of this.

Family- being close in proximity and relationships.

Furbaby- the somewhat infamous pup, Ayla. People around the county ask about her all the time. She appeared on my doorway, I said "no way I can keep her, she's a pittie"... and 2 months later I resigned. Now 2 years from the resignation point, I can't imagine life without her.

What is one need identified in HCCF's countywide assessment that we are addressing? How can we continue to improve? My favorite is watching solutions for affordable housing come to fruition through multiple sources and partnerships. Haven Homes is a partnership between Sheltering Wings, Cummins Behavior and RealAmerica, providing some of the apartments to those affected by Domestic Violence, homelessness, etc. Another project is Glasswater Creek Plainfield, which provides affordable options for those needing assisted living, and the Community Reinvestment Foundation was just one partner in that project.

Why do you do what you do? My thing is helping people make connections. I love being out in our community and hearing someone needs something... whether it is connecting with a non-profit to get someone help, a business service to get something fixed or just an idea spark to remove obstacles and get things happening... anything that connects people and fills a gap!
