

Where Local Good Grows

Hendricks County Community Foundation

As we come to the end of the year, I enjoy reflecting on our many blessings. Our generous donors, past and present, who make our work better. Our community partners, who do so many things to make Hendricks County a better place. Our volunteer Board and committee members, who give selflessly of themselves to guide and enhance our work. And our Hendricks County community, where there are so many good people and exciting things happening.

Our work this year has been expansive, helping to make our community a better place. We made over \$1.8 million in grants and scholarships in 2023. We helped the County distribute over [\\$580,000 in American Rescue Plan Act \(ARPA\)](#) dollars to nonprofits working in our community. We helped raise civic engagement through our voter information project and meet the candidates forum, as well as the Lead with Purpose program (see below) in conjunction with Leadership Hendricks County to educate nonprofit volunteers. And we helped launch [Hendricks Live!](#), one of the newest nonprofits working in our community and one that will have an incredibly positive impact on arts and entertainment for decades to come.

As we come to the end of 2023, I also have very exciting news to share: For a limited time, thanks to a new, bountiful gift, our Board of Directors has chosen to provide you with a 2-to-1 matching opportunity for all donations to any new or existing Family Legacy Fund or Community Enhancement Unrestricted Fund. That's right – you can **Triple Your Donations!** When you donate \$1, we'll match it with \$2! Read more about this below, and if you want to take advantage of three tax years for the matching opportunity, [reach out to me today!](#)

I wish you all the blessings of this season and all the best for 2024!

Yours in Philanthropy,

Lead with Purpose Graduates Celebrate

The program wrapped up last month and we enjoyed celebrating with all the participants at a gathering at [Level Two](#). Local nonprofits were also in attendance and the program graduates were encouraged to put their new board leadership skills to use by volunteering with one of the organizations. Community Connections

HCCF is committed to building community unity and creating a welcoming community for all our residents. Every month we are spotlighting community leaders who help make Hendricks County a great place to live, work and play.

This month we are highlighting **Joel Powell**, Associate Director of Orchestras and Director of String Activities at [Avon Community High School](#).

What is your favorite movie? I love Back to the Future! I've seen it more times than I can count and look forward to owning a DeLorean one day! Long live 1985!

What book are you reading right now or have recently read? The Secrets of Stradivari. It's a great book that delves into the master luthier Antonio Stradivari and his timeless instruments he and his sons created.

What do you love most about our community? I LOVE our community! We care about others and go out of our way to help one another just as any great community should. We are not afraid of hard work and are happy to give our best effort. Our community also values educating the WHOLE child, and the arts play a huge role. I love that our students in our schools have the opportunity to learn lots of different subjects, participate in many sports, and study unique specialties that ensure that school is a deeply human experience in the best sense.

What is one need identified in HCCF's countywide assessment that we are addressing? How can we continue to improve?

I am very encouraged to see our community and leaders working to improve traffic congestion. The good news is that this is an excellent problem to have, as so many people want to live in this incredible community! As we continue to grow, I'm confident we will remain committed to thoughtfully planning ahead for necessary infrastructure changes.

Why do you do what you do ? I have the best job in the world. I get to use music as a vehicle to empower kids. My students continually inspire me! They are an example of the very best of humanity. Every day, I see our students set aside differences and come together for an amazing common goal. They truly are an example of what is possible when we, as human beings, put aside differences, work hard, and care for others.
